WP413B BLACK

WP413P PEWTER

Designed to coordinate with our women's Airglide, and Switchback jackets, this style can be worn as a stand-alone riding pants or as full over pants. Equipped with our TWO LAYER SYSTEM DESIGN, this style includes removable waterproof/breathable AquaRes™ laminated rain pants to ensure multi-season, multi-weather riding comfort.

- Outer shell constructed in 500 denier Cordura® fabric with Ballistic Airflow mesh panels.
- Waterproof Over or Under rain pants.
- Full side leg zippers extend to waistband.
- Removable and adjustable height CE Motion Flex armor at knees.
- Cool mesh airflow lining.
- Removable EVA compression foam at hips.
- Custom Fit detailing at waist, hips and bottom hem.
- 3M Scotchlite® reflective piping from waist to hem.
- Relaxed tailored fit.
- Two storage pockets.
- 8" connecting zipper for jackets.

LAYER ONE consists of a rugged outer shell constructed in authentic Cordura® with ballistic nylon mesh panels for maximum airflow and superior abrasion resistance. Standing, boot on entry is a snap as side leg zippers extend up to the waistband. Two front zipper pockets offer extra storage for personal items. 3 tier adjustable knee armor positions, stretch waist and hip panels plus our EZ hem bottom detail allow riders to achieve a customized fit.

LAYER TWO: Foul weather rides are never a problem as the Airglide 4 shell is equipped with pull on waterproof/breathable AquaRes™ laminated rain pants that can be worn both over or under the outer shell, as weather conditions dictate.

OVER OR UNDER RAIN PANTS

Sturdy waterproof breathable rip stop nylon shell with elasticized and slide buckle waist. Generous leg openings with bottom Velcro closures makes standing boot on entry and exit a breeze. This layer can be worn both over or under the main outer shell.

RAIN PANTS BOTTOM VELCRO CLOSURE

SIDE WAIST STRETCH PANELS

Additional stretch at the side waist panels offer a more customized fit to enhance all day riding comfort.
