CORDURA FABRIC **CE** **THERMOLITE** **3M Scotchlite** Reflective Material **AquaRes** **YKK**

Designed to coordinate with our Ranger jacket, this style can be worn as stand-alone riding pants or as a full over pants. It offers our unique TWO LAYER SYSTEM DESIGN to ensure multi-season riding comfort.

- Outer shell constructed in coated 500 and 2000 denier Cordura® fabric.
- Waterproof/breathable membrane.
- Removable Thermolite® insulated liner pants.
- Full side leg zippers extend to waistband.
- Storm placket front fly detail.
- Removable and adjustable height CE Motion Flex armor at knees.
- Cool mesh airflow lining.
- Removable EVA compression foam at hips.
- Custom fit detailing at waist and bottom hem.
- 3M Scotchlite® reflective piping side leg detail.
- Relaxed tailored fit.
- 6 storage pockets.
- 8" connecting zipper for jackets.

LAYER ONE: Foul weather rides are never a problem as double waterproof protection is offered through Ranger's coated Cordura® shell and waterproof/breathable seam sealed AquaRes™ laminated membrane. Standing, boot on entry is a snap as side leg zippers extend all the way to the waistband. Zippered front pockets and two oversized waterproof cargo pockets offer plenty of extra storage for personal items. Adjustable knee armor positions and our EZ-hem bottom detail helps riders achieve a customized fit.

LAYER TWO: As temperatures drop, you'll stay toasty by adding Ranger's Thermolite® insulated liner pants that pulls double duty as great looking, stand-alone sportswear.

OVER OR UNDER RAIN PANTS

Sturdy waterproof breathable rip stop nylon shell with elasticized and slide buckle waist. Generous leg openings with bottom Velcro closures makes standing boot on entry and exit a breeze. This layer can be worn both over and under the main outer shell.

RAIN PANTS BOTTOM VELCRO CLOSURE

SIDE WAIST STRETCH PANELS

Additional stretch at the side waist panels offer a more customized fit to enhance all day riding comfort.
