Leather chassis: Bishop is cut in supple performance grade 1.1 to 1.2 drum dyed, top grain cowhide. This leather is infused with a unique "LUX" waxed finish to give it a smooth and slightly polished yet distinctly retro look. Pre-curved sleeves and an ergonomic yet relaxed fit offer added comfort and proper sizing for North American riders. A cool mesh airflow lining works in perfect conjunction with strategically placed zipper vents located at the upper arms and lower back panels for enhance airflow during warm weather rides. Micro perforated leather panels are inset at the underarms to enhance overall breathability. Additional features include two zip chest pockets, side entry zippered hand warmer pockets, two interior Napoleon pockets, zippered forearm to wrist cuff closures, plus a low profile neoprene trimmed race style collar and bottom waist adjuster straps.

Removable thermal layer detailing consists of a full sleeve INSULEX™ thermal liner equipped with a large zippered interior storage pocket and oversized cell phone pocket. Insulation is diamond quilted through a silky smooth, iridescent rip stop nylon lining. This cozy thermal layer is both lightweight, packable and enhances multi-season riding comfort.

## ZIP OUT FULL SLEEVE THERMAL LAYER
