3M Scotchlite™
Reflective Material

This handy travel companion takes the classification of Hi-Viz safety vest to a whole new level by combining enhanced visibility with rider specific function and fit. Cut in rugged rip stop nylon with ballistic airflow mesh panels, it offers maximum cooling and packs away easily via a hidden storage pocket located inside the front torso zipper. Safely stowing personal gear is no problem as this handy feature also functions as an oversized storage pocket. Engineered to be worn over any motorcycle jacket, a custom fit can be achieved by utilizing adjuster straps located at the side body and waist panel. A see through ID chest pocket plus six oversized 3M Scotchlite™ panels and full back retro reflective detailing qualify this vest for use by military personnel.

- Outer shell constructed in rugged rip stop nylon with ballistic airflow mesh panels.
- Designed to military specifications with authentic 3M Scotchlite™ reflective panels.
- Oversized exterior storage pocket, plus interior cell phone pocket.
- See through vinyl ID chest pocket.
- Custom fit side body and waist straps.
- Comfort micro fiber lined collar.
- Cool mesh airflow lining.
- Drop back waist detail.

ZIPPER PACK STORAGE SYSTEM

Our Blaze vest is equipped with a handy self-storage pocket located inside the front torso zipper. Simply open the zipper and fold the vest inside the pocket, then zip and go.
