Our women's Expedition jacket offers unmatched levels of adjustable venting, plus our exclusive THREE LAYER SYSTEM DESIGN to deliver the ultimate in all weather, multi-season riding comfort. Cut in a women's specific fit and form flattering hour glass shape, this style also offers major adjustability at the arms, torso and hips.

- Outer Shell constructed in 500 and 2000 denier Cordura® fabric.
- MVS Mega Vent Panel System at chest, back and arms.
- Over or Under rain jacket with removable insulation layer.
- Removable CE approved Motion Flex armor at elbows and shoulders.
- Removable CE approved Motion Flex articulated back protector.
- Cool mesh airflow lining.
- Custom Fit detailing at collar, cuffs, elbows and waist.
- Comfort neoprene framed collar.
- 3M Scotchlite® reflective piping at front, sides and back.
- Thermo weld reflective detail at side arms.
- 8" connecting zipper for pants.
- Five storage pockets, plus interior cell phone pocket.

LAYER ONE consists of a rugged 500 and 2000 D Cordura® shell for maximum abrasion resistance. Our exclusive Mega Vent Panel System transitions this jacket from solid body to adjustable airflow construction in seconds. Zip down Cordura® panels at the chest, arms and back expose ballistic air mesh panels that offer additional abrasion resistance, plus adjustable airflow construction, as needed. Forget having to stow away or misplace cumbersome removable vent panels, as our panels stay attached to the jacket and fold neatly into self-storage pockets.

LAYER TWO consists of fully functional AquaRes™ laminated rain jacket that can be worn both over or under the main outer shell, as weather conditions dictate. A stow away hood with a rubberized neck gator conceals neatly under the collar and fits comfortably under a helmet. The neck gator provides full circumference waterproof protection, as needed.

LAYER THREE consists of a removable full sleeve thermal layer with authentic Thermolite® insulation. It can be zipped into the main outer shell or the rain jacket shell. This handy zip out feature ensures multi-season riding comfort through a wide range of temperatures and weather conditions.

SOFT SHELL THERMOLITE INSULATED LINER JACKET

Sturdy wind and water resistant/breathable stretch nylon soft shell with Thermolite® insulation, mandarin style knit trim collar, two zipper pockets and oversized interior stash pocket.

MEGA VENT PANEL SYSTEM

Front, back and underarm Mega Vent Panel System transitions this jacket from solid body to adjustable airflow construction in seconds. All vent panels are permanently attached to the shell and fold neatly into self storage pockets for added convenience and easy access.

TWO STAGE - OVER OR UNDER RAIN JACKET WITH STOW AWAY HOOD WITH 360 NECK GATOR

Sturdy waterproof, breathable rip stop nylon shell, adjustable cuffs, arms and waist, 3M reflective detailing at front and back. Removable Thermolite insulation layer can be zipped into the out shell or rain jacket shell, as needed. A stow away under helmet hood with rubberized neck gator provides full circumference waterproof protection. This Hi-Viz /black color combo ships with all outer shell colorways.
