Designed to coordinate with our New Horizon rain jacket, these pants offer a lightweight waterproof breathable AquaRes™ laminated rip stop nylon shell to ensure all day riding comfort. Generous leg openings with an adjustable Velcro closure system makes standing boot entry a breeze. Extra Velcro at the lower pant legs offer three inseam length options should an alteration be necessary. An elasticized waist, plus side waist slide buckles help riders achieve a customized fit. These pants also offer a built-in self-storage compartment for convenient packing. Authentic Nomex heat shields at the inside lower legs help prevent damage from hot exhaust pipes.

- Outer shell constructed in sturdy light weight waterproof breathable rip stop nylon.
- EZ-Pack Storage System: pants can be stowed away in a self contained storage pocket located in the interior of the pants.
- Intake Velcro closure panels at lower legs offer easy boot on entry and adjustment of leg width.
- Slide waist buckles plus stretch waist details offer maximum adjustability.
- Authentic Nomex heat shields located at inside lower legs.
- Cool mesh airflow lining.

EZ PACK - INTERIOR SELF-STORAGE SYSTEM FOR JACKET AND PANTS

Our self packing rain gear stows away easily so it's always ready when you need it. Both the New Horizon jacket and Horizon pants offer a handy self-storage pocket attached to the interior of the garment. Simply turn the pocket inside out and fold the gear inside to create a compact bundle for quick and convenient storage.
